

Dear Nock Parents,

I love when students come into my office and share their hope and ideas with me. Sixth grader Lindsey Roberts and I met this week so she could share her idea for a service project. She and her younger siblings would like to assist in the tree giving project at Cider Hill Farm. Cider Hill is giving away two hundred trees to those who may not be able to afford one and they are doing this on December 7th. Lindsey and her brothers have begun a drive to add lights to all of those trees. The information is as follows. It is my hope that the Nock community can contribute to this bright (couldn't resist!) idea! Thanks to Lindsey and her brothers, we are happy to get behind this project.
