

IT Position Needed for Newburyport PTO

Interested in helping out with the PTO but don't have the time to attend in-person meetings or on-location events?

Do you have a background in website development?

Have you worked with Word Press and Gravity Forms?

If this is you, then please consider volunteering to help the PTO with this incredibly valuable and much-needed skill.

We are actively seeking an **Information Technology Consultant** to volunteer time to handle our needs in areas such as ASEP on-line enrollment pages, Spring Fever 5K Race pages, and other critical areas for the 2016-2017 school year.

If interested, please email treasurer@newburyportpto.com
