**School Start Times**—Under the guidance of a volunteer committee, the district is working to implement school start times that will support the healthy growth and development of all our students. The group is collecting information on the impact of the changes. Please take a moment to complete their brief survey: <https://nbptschoolvolunteers.org/ssl/>

**Summer Reading**--As a final note, we will continue with our summer reading program. This year's theme is Time Travel. As has become our tradition, we will have a full-school celebration of reading and the theme in early September. Please look for information to come from Ellen Menesale and your student.

As always, thank you for your support, Lisa
