- **October 16-18—6th grade Camp Kieve at the Nock...**camp staff will be here for our “Camp Nock” 3-day at-home field trip. For the past 20 years the RAN has been partnering with the Kieve Leadership School to use adventure education strategies to build student’s leadership skills. This new model—three days at the Nock in October and three days in Maine in May—has been a very successful way to start and end the 6th grade year

- **October 19—6th grade trip to Cashman Park...**Our 6th grade is in the midst of the *Long Walk to Water* unit. Yesterday the students had a Skype call to Salva Dut and heard first-hand his story of survival and hope. They will continue to explore the themes of perseverance and water as the week continues, culminating the unit in their own “long walk” for water on October 19
